THE POLITICAL CHECKER BOARD. x-Police Commissioner Taylor Seps Upward into the Assistant Attorney

General's Office. Another flank movement was made yes terday on the local political checker board which was the principal topic of discussion on the streets and in other public places. It is the appointment of Colonel H. L. Taylor as assistant attorney general in and for Sedgwick county. The appointment was made night before last by Attorney General Ives, and the commission was received by Colonel Taylor yesterday fore-

to over twice their usual size with astonishment upon beholding fresh honors thrust upon him, and that, too, by the only Alliance state officer in Kausas

The news that Colonel Taylor had been appointed assistant attorney general spread all over the city in an incredibly short space of time and during the balance of the day it may be said to be the talk of the town. The Democrats all appeared to like it, and for some reason unknown to anybody but themselves, they went giggling past every little bunch of people whom they saw discussing the matter. The Alliance men were scarce, but the few of them who were encountered Our rates of advertising shall be as low as those of by the Eagle man looked wise may other paper of equal value as an advertising and didn't say much. During the afternoon an EAGLE reporter met Colonel Taylor on the corner of Mar-ket and Douglas streets receiving the conof about twenty-five or thirty friends, all of whom had some remarks to make concerning what they called the cleverness of the movement which placed him in the assistant attorney generals chair so soon after being bounced by telegraph from the police commission by Governor Humphrey. Many of them who looked upon him a few days ago as a martyr, yesterday looked upon him as a hero, but he modestly acknowledged all their compliments and never for a moment volunteered any statement that would indicate his future policy to them. To the EAGLE reporter he said: "I am decidedly proud of the commission tendered me by H. G. It is well understood by reliable dealers that Dr. Price's Delicious Flavoring Extracts have constituted for years past the standard flavors in all the markets of this country. That they are regarded as among the most successful and creditable products and are unquestionably, if the opinion of the best class of consumers is at all worthy of acceptance, the purest, strongest, and finest flavoring extracts in the world,
